

CRM Setup & Automation Service Guide

One System. Every Lead. Fully Automated.

Custom CRM systems that capture every lead, follow up automatically, and close more deals - so you stop losing customers to slow response times.

This guide walks you through exactly what you get when you hire AI Fusion Automations to set up and automate your CRM. From discovery to launch, every step is designed to give you a CRM that actually runs your business - not one that just stores contacts.

What You Get

Unified Pipeline

Every lead, every conversation, every deal - tracked in one place. No more spreadsheets, sticky notes, or lost contacts.

Instant Follow-Up

Automated SMS, email, and call sequences that fire the moment a lead comes in. Average response time under 60 seconds.

Full Integration

Connect your website forms, calendar, payment system, and messaging tools so everything talks to each other.

How We Build Your CRM

A clear 14-day build path from audit to launch.

1

Discovery & Audit

Day 1

A 30-minute strategy call to understand your business, current tools, sales process, and where leads are slipping through.

2

CRM Architecture & Setup

Days 2-5

Pipeline stages, custom fields, lead sources, tags, user roles, and forms - mapped to your real sales process.

3

Automation Build

Days 6-10

SMS, email, follow-up sequences, appointment booking, and internal notifications so every lead gets contacted instantly.

4

Integration & Testing

Days 11-13

Website forms, calendar, payment processor, and other tools connected, then tested end-to-end.

5

Launch & Training

Day 14

We launch your system live, walk you through the dashboard, and provide a simple user guide for your team.

Average build time: 7-14 days depending on tier

Includes full revisions until you're 100% happy

Post-launch support included
